

Château Anthonic

2019

MOULIS-EN-MÉDOC

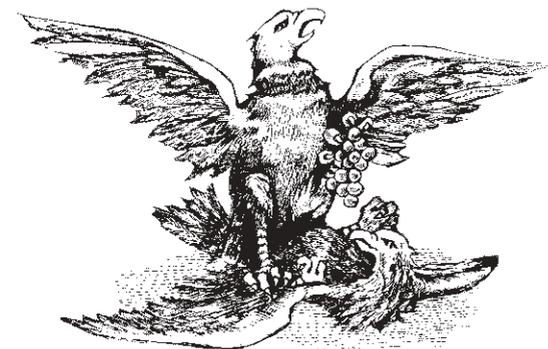

With black-currant fruits and spicy acidity, this is developing well into a rich, structured wine for aging.

Tannins form the backdrop for an open texture that comes from partial aging in amphorae, a revolutionary concept in the Médoc.

Unfussy bright berry fruits, plum and raspberry, from this organic estate owned by the Cordonnier family.

This really grows on you as you sit with it, some gorgeous fresh juicy acidities and soft smoke, this feels weel made without trying too hard.

*Walnut and currant aromas with some blackberries.
It's medium-bodied with round tannins and a medium finish.*

Nicely done.
